Two Charged with Obtaining Money Under False Pretenses.

The City Council has declared the offices vacant.

The papers of Bemis, Brown and Deaver were brought by Brown. Judge McCullough, as attorney for Broatch, Vandervoort and Foster, was also present with the answer of his clients. Broatch and Foster were present in person. The petition of the Attorney-general gives the story of the passage of the bill creating the new board and the contention of the old board against its enforcement. The defense of Bemis, Brown and Deaver, the old board, is put on two grounds: first, unconstitutionality and that Churchill and Russell

Plenty of Firing Around Baracon. BALTIMORE, Aug. 16 .- Charles Winkler, boatswain of the steamship Culmore, in the fruit trade with Cuba, has returned here and tells of the half-starved and illclad appearance of the Spanish soldiers in Cuba. "There was plenty of firing around Baracoa when we were there, two weeks ago," he said, "but it was a wild, disordered sort of fusilade, such as gave the impression that neither the Spanish soldiers more the rebels desired to do much fighting. We could plainly see the soldiers and they were a ragged, half-starved let. They seemed utterly lacking in all patriotism, and a five-dollar bill would have bribed a dozen of them. They wore blue icans and white duck uniforms, and often were seen in their bare feet."

Spain's Army in Cuba. KEW YORK, Aug. 16 .- The World says: The Novedades, an organ of the Spanish government, makes the official announcement from Madrid that Spain will have 156,272 soldiers under arms in Cuba by Sept 5. This total includes the 25,000 soldiers to be dispatched from Spain between Aug. 12 and Sept. 5, on fourteen steamships of the Spanish transattantic line chartered for that purpose. When those reinforcements arrive there will be 72,272 regulars and 80,000 volunteers. The regulars are and 80,000 volunteers. The regulars are classified as follows: Infantry, \$9,900, 3,876 cavalry, 1.853 artillery, 1.415 engineers, 2,700 marine infantry, 976 military police, 4,400 civil guards, 1,152 guerrillas.

No Foreign Flags. WASHINGTON, Aug. 16 .- Consul-general Ramon O. Williams, at Havana, has sent to the State Department a copy of the Diario de la Marina, containing paragraphs stating that the general government has issued a circular to the provincial govern-ors of the island prohibiting the hoisting the holding of George Gough and John P. of any foreign flag on private buildings, Anderson to the Criminal Court for the commercial establishments or theaters without previous authorization.

ATTACKED BY BULGARIANS.

Village Raided, 300 Houses Burned and 100 People Killed. LONDON, Aug. 16 .- The Times prints a dispatch from Sofia confirming the report of the attack by five hundred Bulgarians on the Mohammedan village of Despot, across the Turkish frontier, before dawn on Saturday, as was cabled on Tuesday. The later reports received show that three hundred houses were burned and one hundred persons killed. A dynamite bomb was thrown from a mosque into a crowd of refugees. The Times says that the village lies in the wildest recesses of the Rhodope moun- ed by the people. The small factions pledged warlike fanatics, who hate the Christian Bulgarians more than the Turks, and are, therefore, likely to take a terrible revenge. It is believed that the attack was arranged by the Macedonian committee in order to provoke fresh atrocities, and thus incense Europe against Turkey. The Bulgarian government has explained to the Porte in reply to the protest of that government the difficulty of watching the frontier because a large concentration of troops would be regarded with suspicion by Turkey.

A SERIOUS REVOLUTION.

Minister Tillman's Advices Regarding

the Insurrection in Ecuador. WASHINGTON, Aug. 16 .- The impression prevails in both the State and Navy departments that the revolution in Ecuador will be quite a serious affair before the internal troubles there are settled. No advices have been received concerning the recent engagement. The State Department has received from Minister Tillman a letter dated He thought Harrison would receive the July 20, which shows what the situation was at that time. In it Mr. Tillman says ment of the complicated political conditions that country. Alfaro, who reached was still there with an armed force amounting, as claimed by his friends, to four or five thousand men. The government force at Quito was estimated at two thousand, which it was thought might be increased to four thousand. The plateau between the eastern and trolled at the time of Mr. Tillman's writing by the small army of the conservatives. General Saraste, with one thousand men was at Guayaranda, a hundred miles northwest of Quito on or near the main road to Guayaquil from Quito. The government forces had captured fifty or sixty men from the north of Quito who, in company with two hundred others, were trying to pass to the south. Bishop Shumacher. Portiviejo, with 350 men, was expected to arrive at Quito July 20. There was to be a procession in his honor and he was to be crowned by the archbishop with laurels and wreaths of flowers. It seemed that he had wreaths of howers. It seemed that he had defeated a few hundred of the followers of Alfaro. Alfaro's plans and his strength were not definitely known at Quito when Mr. Tillman wrote, but he says that it was admitted on all sides that his advance to the capital a few weeks before would have been easy. Mr. Tillman adds that the strangest feature of the revolution is that with the exception of a few officers or leaders, the armies are composed of the poorest of the population, that well dressed men take their daily walks and throng the plazas unmolested and seemingly wholly disinterested as to the result.

Mexicans Warned Against the Vailcan CITY OF MEXICO, Aug. 16.-El Diario de Hogar, a Liberal organ, asserts that the clerical party is continually gaining ground and that in Rome it dreams of sending a papal nuncio here practically abrogating the reform laws directed against the clergy and governing the country by an alliance with the civil powers. A well-known Catholic newspaper of Paris says that the sending here of Mgr. Satolli would complete the work of pacification and he would joyfully give his support to Gevernor-general D'az. Diario de Hogar warns the Liberals to be on their guard against the schemes of the Vatican for annulling all that has been gained in past struggles against ecclesias-tical despotism.

English Currency Reformers. LONDON, Aug. 16 .- A meeting of the members of Parliament favorable to currency reform was held in the House of Commons to-day. Sir William Henry Houldsworth, member for the Northwest division of Manchester, Conservative, who was a delegate of Great Britain at the Brus-sels Monetary Conference, presided, Messrs, Lorne, Dorington, Valentia, Vesey-Thomp-son, Bhonaggree, Disraeli, Sam Smith and Provan were present. WOULD-BE SENATOR AND POLITI-CIAN REPLIES TO MR. WASHBURN.

Says He Made Delaware a Republican State, but Was Robbed of Political Honors by Treachery.

NEW YORK, Aug. 16 .- The explanations sent by ex-Senator Washburn, of Minnesota, of his interview regarding J. Edward Addicks has elicited the following dispatch from Mr. Addicks, sent to-day and given in a Wilmington special to the "To Hon. W. D. Washburn, Minneapolis: "For a public man your words were ill

In conclusion, Delaware Republicans notify all hot-headed outsiders that they propose to manage their own affairs. "JOHN EDWARD ADDICKS."

WEAVER ON CANDIDATES.

He Thinks Whitney and Harrison Will Be Presidential Candidates. WACO, Tex., Aug. 16 .- General Weaver, who spoke before the Populists to-day, in an interview with a reporter said the cause of free silver was rapidly gaining ground, and that in his opinion both parties were being materially weakened. He says in his opinion William C. Whitney will be the Democratic nominee for President, though Cleveland may develop some strength, while the Republicans are for Harrison, Morton Allison and McKinley in the order named for two Republican parties, and the so-called Democratic party was doomed. He believed Senator Shermans' speech at the Zanesville, O., convention would be the out-

line of the platform of the Republican na-tional convention. Ex-Governor Waite will speak to-morrow. "Struck" the Wrong Man. LINCOLN, Neb., Aug. 16 .- Congressman Hunter, of Bowling Green, Ky., recently addressed a letter to Governor Holcomb, in which he requested the Governor to assist in raising a fund in Nebraska "to aid the election of a Republican Governor in Kentucky and thus break the solid South." Governor Holcomb, who is a Populist, re-plied that it would please him very much to witness a breaking up of the solid South. but that he would regret to see the peo-ple of Dixie throw off the yoke of Cleve-land Democracy only to assume the bonds of such an organization as the Repub party. The Governor adds: "Your letter was doubtless addressed to me because the news of the partial redemption of Nebraska from Republican misrule had not yet reached the headquarters of the Repub-lican executive committee of Kentucky therefore I return the communication as you would doubtless not desire to have

New York Municipal Politics. NEW YORK, Aug. 16 .- The Morning Advertiser, in a list of interviews with politicians on the coming municipal campaign, prints the following statement by Mayor

"I am in favor of a union ticket like we won with last year. We cannot win with-out it this year. A straight-out ticket is a gift to Tammany of everything Tammany wants. I will not vote for a candidate for the Legislature who does not pledge himrived here from Cartagena in order to Edward Lauterbach, Mr. Platt's licuten-

Buffalo After Both Conventions. NEW YORK, Aug. 16.-Buffalo citizens are here securing indorsements which, it is hoped, will bring both the Republican

and the Democratic national conventions to that city. The Erie county members of the Democratic State committee wanted the State committee to indorse their applicastate committee to indorse their applica-tion at the recent meeting in this city, but that body simply referred it to national committeeman William F. Sheehan. As he is a Buffalo man the cause will not suffer. Buffalo people have already pledged \$300,000; if one of the conventions is sent there, \$200,000 is to be used to build a hall capable of holding 25,000 persons and the balance to be used for their entertainment.

Blackburn Has Sufficient Pledges. FRANKFORT, Ky., Aug. 16.-The returns to-day show that Senator Blackburn has enough pledges to secure his re-election, provided the counties and districts heretofore carried by the Democrats give their usual results. Many of those pledged to Blackburn are opposed to his free-silver views and his opponents claim that a majority of the Democratic nominees for the Leg-islature are sound-money men, and when the time comes for the election of Senator, Senator Blackburn may find the situation

FED ON HORSE MEAT

DISEASED ANIMALS KILLED AND SOLD FOR FOOD.

Swindled with the Stuff-Protest from Foreign Consuls.

CHICAGO, Aug. 16 .- Horse meat has been and is being sold on the drainage canal to laborers. This meat has come from diseased and broken-down animals unfit for labor and purchasable by the men engaged in the nefarious traffic at from \$1.50 to \$2 per horse. This sale has been without the knowledge of the sanitary inspector on the canal, Dr. Martin, who said the sale of horse meat on the canal had never come to

his knowledge. So serious has the situation become, both as to the use of this meat on the canal and the exportation of large quantities of it as canned goods to foreign countries, that complaint was made by foreign consuls today to Dr. F. W. Reilly, of the city health department. The promise was given them that, so far as lay in its power, the health department would seek to destroy the traffic. Charles Henrotin, consul for Belgium, and Dr. S. B. Bopp, consul for Germany, were the foreign representatives who called on Dr. Reilly to-day. They laid before him the facts which they had collected in regard to the canning of horse meat at Summit, also Archer road, just outside of the city limits, and also at Milwaukee avenue and Division street, for exportation to the nations of Europe. Gabrielle Veillehomme, consul for France, has also been in correspondence with Dr. Reilly in regard to the shipment of this vile stuff to his country. He has called on the authorities to act with the intimation that if they did not his government would take steps which might seriously affect the legitimate shipments of dressed and canned meats from this coun-

SAN FRANCISCO, Aug. 16 .- A local paper says the last link in the chain of evidence against Theodore Durrant has been discovered. A woman who lives across the street from Emanuel Church has reported to the police that she saw Durrant and Blanche Lamont enter the church at 4:10 o'clock on April 3, the day of Miss Lamont's disappearance. The woman's name is Mrs. Leake, and she lives at No. 124 Bartlett street. She is fifty years of age and has been a member of the church a number of years. She knew both Durrant and Miss Lamont intimately, and therefore cannot be mistaken with regard to the identity of either. She says she has remained ailent since the discovery of the bodies of the two girls because she did not wish to undergo the annoyance of being a witness in the case and did not consent to divulge her convinced that it was a duty she owed to

On April 3 Mrs. Leake sat at the window of her residence nearly all the afternoon. looking for her daughter, whom she expected to arrive from San Mateo. At o'clock she saw a couple coming up the street, one of whom she instantly recognized as Durrant, but at first she was purzled over the identity of the girl. She first thought that the young lady was Lucille Turner, but as the couple came nearer Mrs. Leake recognized the girl as Blanche Lamont. Miss Lamont wore a short schoolgirl's dress and carried a package of school books. The dress and the school books were afterward found secreted in the church. When the couple reached the church gate they stopped for a moment. Durrant opened the gate and they passed through. Mrs. Leake, from her point of ob-servation, was watching them, and when the girl stepped through the gateway she said to herself: "What an imprudent thing for her to do." Mrs. Leake knew nothing detrimental to Durrant. She had alway considered him "such an exemplary young thought it exceedingly imprudent for the girl to go into the church with him alone, She feared some one might have seen them and make unpleasant remarks. She imagined that they had some errand in the church and expected in a few minutes the would come out. She watched carefully, but the gate did not open. There is only one entrance to Emanuel Church during the week, and that is by the side gate and rear door. Mrs. Leake knew the young people would have to pass through the gate, and she wanted to see them on the street again before she left the window. She waited a long time, but household duties finally called her to another part of her flat and she was obliged to give up the vigil.

Mrs. Leake's testimony completes the chain of evidence against Durrant. Three

school girls saw Durrant and Blanche La-mont riding on a Powell-street car at 3:20 on the day that Miss Lamont disappeared. Attorney Quinlan saw the couple a few blocks from the church a few minutes be-fore 4 o'clock. Now comes Mrs. Leake, who says she saw Durrant and Miss Lamont enter the church a few minutes later. Georg that he entered the church about 5 o'clock and saw Durrant coming out down from the attic. Durrant's hair was disheveled his face was red, he was panting for breath and was in a state of utter physical nerv-ous collapse. In answer to inquiries he exous collapse. In answer to inquiries he ex-claimed that he had been engaged in repair-ing the electric wires in the organ loft and had been overcome by gas. An expert elec-trician afterward examined the wires and

Her natural reticence made her unwilling to testify in the case, but she finally concluded that it was her duty to tell her story to the authorities, requesting secrecy until the trial. PROSPECTIVE LYNCHING

Negro Ravisher's Life Periled by Mob of Kentuckians. LEXINGTON, Ky., Aug. 16.-There were never such scenes in this place as were witnessed to-night. Last Wednesday Mrs. Mary Hudson, white, wife of a prominent farmer, was outraged three miles from this city by a negro. The woman's screams attracted the men from the fields. They found Mrs. Hudson unconscious and the negro had fied. The country was scoured by hundreds of armed men and bloodhounds, and that night Henry Mitchell Smith was caught. He has been in jail here since. This afternoon Mrs. Hudson was brought to this city. She is still proctrated, but has recovered consciousness, and at 6 p. m. to-night positively identified Smith at the jail as her assailant. This

caused great excitement, and Judge Bul-

lock at once issued the following order

and gave mandatory instructions for its

most careful execution:

"It being the opinion of the judge of this court that the safekeeping of Henry Mitchell Smith, who is now in the jail of Fayette county, confined under a charge of having committed a felony, requires that a guard shall be kept over said Smith, it is now ordered that fifteen men be summered to act as such guards, and that moned to act as such guards, and that such men who are so to act be summoned by W. B. Wilkerson, deputy jailor of Fayette county, and that they be placed under the control of the said Wilkerson."

Wilkerson immediately summoned fifteen wilkerson immediately summoned arreen good citizens, armed them with guns and revolvers and placed them around the jail. Chief of Police McElroy swore in a lot of special policemen and placed them along the streets leading to the jail. All available men were on guard. This did not prevent a large crowd from assembling at the jail, and they remained there all night. The crowd is orderly, but determined on business. It is well understood that nothing will be done till the crowd comes in from Payne Station, where Mrs. Hudson lives. And it seems to be understood that the crowd from Mrs. Hudson's neighborhood will not arrive here till 2 or 3 a.
m. Word from Payne Station is that 100
to 150 armed men are rendezvousing at
that place, getting ready for the march
on the jail in this city. There are many armed here determined to prevent a lyaching if possible, but the visitors will get help here as well as resistance. After midnight the crowd still remains near the jail and the neighbors are known be coming.
